

Te Iron ke te rara ni biti

Kanan te aroka ae e rang ni kainnanaia bon te iron are e reke man nakotarin te man, te ika, te mannang, te nimroona, te tiwiita, baan te biin, te tiaaea, te booi ao te raraa ni biti man tiin aika a raraa.

Ngkana e tare kanana aei ao taberna ke marewen te aroka e na turu baboboona.

Zinc

Aio teuana kanan te aroka ae e rang ni kainnanaia naba. E kona n reke kanan te aroka aei man nakotarin te man, te ewanin, te ika, te booi ao te baa mwangkongko.

Kanikinaean ae e a bane kanana aei bwa marewe ke tabera akana a riki n tabo ni mwanga aki raure raoi, a baboboo karaia ao n noraaki iaa ke rain n tikirua inanon baan te

Te Boron

E kona n reke kanan te aroka aei man te mannang, te nimroona ao te tiwiita.

Uringnga ae ngkana ko kabonganai amwarake mai taari ao karaua taetariia raoi ni kanakoa taarina.

Te tiwiita ae e nanonaki tiaki te keang ma te aekaki are e ununikaki ngkoa bwa te iokinibwai nako tinaniku.

Ngkana akea te boron ao te mwaangan te aroka e na a taraa ni uakaka ao uaan te aroka e kiribeubeu.

Aorakia aroka ma bwai n aorakiaia

E kakoauaki bwa Kiribati bon teuana te aba n te aonnaba aei ae e riki man te ane ao man bati ana kanganga ae e aitara ma ngaia n ana itera te ununiki.

Tabewa mai buakon kangangaan maiuraoin aroka i abara bon rinnakon taari mai iaan te aba are a koburake taari mai inanon te rua ni bwabwai, mwanibwa ni moo, te iababaa, te mwautakataka ao uarereken te aba ae e kona n ununikaki iai kaai n amwarake.

Tanon abara aei e kakoauaaki bwa e warawara are ngkana ko teboka arokam ao e aki kona n tautaua te ran bwa e a roronako naba te ran n rinnako imarenan te tano ni manga kaea te raanga n ran are iaan te aba.

E bon reke are e reke iroun te aroka ma nikiranana a bane n raanganako.

Mai imwiin aia kakae taokitan te ununiki ao iai naba kaitaraan kangaanga ni buokia taan ununiki.

Ao aio buokam te tia ununiki ibukin am kamkamka. E a tia ni kakoauaaki bwa te kamwarake ae e baeranti aei a maiu iai aekan aroka nako iai.

Kanan aroka aika e kainnanoi, bwaai aika aaranaki bwa minerals are e reke man te tano, mkamka ni biti ao baanikai.

Minerals aika a kainnanoi aroka.

Nitrogen (N).

E kona n reke te nitrogen man te ntabanebane, te ika, baanikai aika a kiriin n aron baan te tiaaea (chaya) kaituram, biin(baa tenibaa) te booi, nakotaarin te man, ao maangen amwarake..

Aorakin te aroka: Baa aika a baboboo ni moa man kabanean baana mai nano ao niiran baan te aroka e kiriin ni mai (light grrren) Noria n te moan n tamnein.

Te Potassium (P)

Te potassium bon teuana naba kanan te aroka ae e rang ni kainnanoi n taai nako. E kona n reke te potassium man nakotaarin te man, te ewanin ma nanan te ben, baanikai aika a kiriin n aron baan te tiaaea ao te kaituram.

Baan te aroka e katobibiaki n te bwatakataka ae e kuri n tei ni ngeri mataniwiin baana.

Kanikinaean ae e tangira te potassium

Ao ae inano aei kanikinaean te aoraki ae e a bane kanana te copper sulphide.

Copper Sulphide (Cu)

Kanan te aroka aei e reke man te man-nang, te ewanin, nakotaarin te man ao te booi.

Ngkana e rang n turu kiriin baan te aroka ae kanga e kiriin n roo man tinaure ke e aki kona n ikaikawai ao anne kanikinaean ae e a bane kanan arokam ae te cooper sulphide. Bwai n aorakiana? Ko manga anganna kanana are ieta anne.

Manganese (Mn)

E reke te manganese man nakotarin te man, te mannang, te ewanin, baan te buka,ao te biin ke te baa tenibaa.

E kaoti te mata ae baboboo imerenan iaa are e tikitiki iaon te baanikai ke rain akana a tikitiki inanon te baanikai

E aki rang n turu baboboona bwa e maii (light yellow).
